

Grade Configuration Table for Semester Grades

(Final Exam = 25%)

Teachers have the option to force a grade up or down depending upon the student's performance in the course and mastery of the course objectives.

Explanation on how to interpret the grades:

Example: CBE = C means the Quarter 1 grade is C, Quarter 2 grade is B, Exam grade is E and the Semester Grade is C. The semester grade is the grade that appears on a student's transcript.
